

Trail lesson information

How it works:

Before the trial lesson, I will take some time to review students' previous test reports and ask a few questions to better understand their academic background. Following this, there will be an entry assessment tailored to different levels. This approach allows me to gain insight into where we can begin our journey together and how I can best support their growth.

Pricing

30 mins - \$20 - \$30 (depends on the travel distance)
